

Monthly Prayer Requests

- **Economic Empowerment Pilot:** We recently launched a pilot project aimed at empowering individuals from poor communities. Trafficking is largely driven by those seeking jobs and opportunities to escape poverty, and we see so many without the means to meet their daily needs. Please pray for the individuals participating in the Economic Empowerment Program across multiple communities and countries. Pray that the love and light of Christ would penetrate every area of hopelessness, poverty, fear, and oppression. Ask God to raise up intercessors who will stand in the gap for these communities, that those we meet would encounter the love of Christ, discover their value and identity in Him, and begin to believe that a different future is possible. Pray that the Holy Spirit would go before us, guide every step, and bring lasting transformation to individuals, families, and communities.
- **Asia Gathering:** Our leadership teams from Nepal, India, and Bangladesh met for a time of strategy, encouragement, and spiritual input. It was a time of connecting across teams, sharing ideas, and encouraging one another to keep striving to fight for every potential victim, knowing that what we do can impact lives for eternity. Pray that God will continue to grow the seeds planted during this time and that the teams would draw on Him to love and serve the least of these.
- **Upcoming Donor Events:** In July, we have a couple virtual events to connect with different groups of supporters. Please pray that our presenters will have the right words to share the incredible impact of this work. Pray that those joining would feel encouraged and connected to what God is doing through Love Justice.

- **Mobile Monitoring Initiative in Malawi:** Malawi recently introduced a new mobile monitoring initiative aimed at increasing reach and impact. The team hopes this initiative bears more fruit—protecting more lives, improving identification of cases, and reaching vulnerable people who remain hidden. Pray that God would provide everything the team needs to fulfill their mission and renew their passion, hope, and commitment to serving others.
- **Guinea Pilot Launch:** Our team traveled to Conakry, Guinea, to launch the new transit monitoring pilot and have already seen fruit—two intercepts in the first two weeks. Praise God! Groundwork had been completed, including positive engagement with authorities and approval to operate at selected locations. Local officials showed strong willingness to protect vulnerable people and support efforts to identify traffickers, secure arrests, and pursue convictions. The week focused on training, strengthening partnerships, and laying the foundations for a safe, effective, and sustainable pilot. We give thanks for how the Lord went before this team and continue to pray for the pilot's ongoing fruitfulness.
- **Ghana Experience-Sharing Visit:** Team members from Uganda spent time in Ghana as part of one of Love Justice's first experience-sharing visits, sharing practical lessons and supporting monitors during that important stage of the pilot. We're grateful for this cross-country encouragement and continue to pray for the Ghana team.
- **Right People:** We have open positions, both salaried and support-raised, as well as several successful candidates raising funds to join us. Pray that we would find the right people for this work and that those we have found would raise the support they need to come on board.
